

Spend seven days in the Great Smoky Mountains!

During the summer of 2018 (August 4-11, Sat-Sat), Virginia Tech will offer a unique three-credit course (FIW 2244, CRN 72160, Natural History of the Great Smoky Mountains) for individuals interested in learning about the natural environment.

Based at the Great Smoky Mountains Institute, this seven-day residential experience in the Great Smoky Mountains National Park will include sessions such as:

- Field Journaling Techniques
- Air Quality
- All Taxa Biodiversity Inventory
- Forest Ecology
- Amphibians, Reptiles and Birds of the Smokies
- Wildlife Management
- High County Ecology
- Bear Research
- Tree Identification
- Stream Ecology

Cost of food and lodging will be \$590 in addition to tuition.
