## American Tree Farm System Standards of Sustainability

1. Commitment to Practicing Sustainable Forestry
2. Compliance with Laws
3. Reforestation and Afforestation
4. Air, Water, and Soil Protection
5. Fish, Wildlife, Biodiversity and Forest Health
6. Forest Aesthetics
7. Protect Special Sites
8. Forest Product Harvests and Other Activities

Over 10 million acres (63%) of Virginia's woodlands are owned by folks like you. Virginia woodland owners are committed to improving the health and productivity of their forests. And over 700 Virginia woodland owners have taken an extra step to improve their forests by adopting and implementing the American Tree Farm Standards of Sustainability to become Tree Farmers.

**The Virginia Tree Farm Foundation would like to invite current and potential Tree Farmers to a social, lunch, & tour this fall.**

Participants will tour either a sawmill or a Tree Farm and learn about sustainable forest management. You'll also learn about the Virginia Tree Farm Foundation - where it has been and where it is going.

Pre-registration is required.
